Greetings. Not much to report. Practice continues until the end of October. Casimir, one of our archers has been reinstated as an archery marshal. End of report.

Fencing - Jean-Michel & Catelina

Hello from fencing town.

So we are back after a hiccup post pennsic. And again I offer up my apologies to all who made the drive to practice the Thursday after pennsic to find the gym empty.

Aside from that I'm goin with no news is good news. I plan on contacting Mikkel and inquire if he is preparing for the rapier champions tournament soon as that day is approaching.

Heavy - Gerard & Pat Brown

MOL - Gwen

Fight practice continues to be well attended by fighters and fencers. New security system at the Keefe center means I must be there before 8 pm when the door automatically locks. On the bright side, they are getting g near to the end on the renovations. Hopefully, we will get the whole gym back soon.
