 - EK MoAS is still doing "Shout-outs" for people. If there is anyone who should be recognized, let me know and I'll pass it along. Please note that this would NOT be without their knowledge. I have no wish to put someone "on the spot".
- **Webminister/Chronicler** - *Isabel*

- Webminister:
 - What a mess! Casmir reported that the calendar wasn't viewable. A few weeks earlier, EK web had sent out a notice that we needed to update our versions of WordPress. I thought that was the problem with the calendar (it is...). When I updated WordPress, that is when things got interesting. Our templates are no longer supported by the update. I got some help from EK web to get photos back up. But haven't had time to do anything else.
 - Mundanely I am moving my house and my classroom (starting a new position) so I life is interesting. I am almost finished with house move. Things should settle down in the next week. EK Web is completely available to help, when I can turn my thinking to this I apologize for it taking so long. It should be fixed by the end of next weekend. Thank you to all for being so flexible.
- Chronicler:
 - No Report
